

Connect+ Control Platform, Family of Products

Smarter Security

and Home Automation Total Control From Anywhere

Arm/disarm your system from anywhere, and control lights, locks and thermostats.

Notification System: Stay aware of important activity at anytime, not just when there's an emergency, with customizable text, video, push notifications and email alerts.

Smart: View and control your system with the app's easy-to-navigate dashboard: Arm and disarm, view live video, adjust lights, locks, thermostats and garage doors.

Five Button FOB

RE600-5 - CryptiX 5-Button Remote
RE603 - CryptiX Panic Pendant, 4-6 year battery life (GP27A).

360 Ceiling Motion Sensor

RE659 - CryptiX ceiling mounted passive infrared motion detector with 25-40 ft range depending on mounting height. LED walk test light. 3-7 year battery life (CR123A).

Indoor Motion Sensor

RE661 - CryptiX passive infrared motion detector with 40 ft range. Supports both motion zone and external contact zone with separate zone ID, pet immunity, up to 85 pounds and LED walk test light. 3-7 year battery life (CR123A).

Indoor PIR Motion Sensor

RE610P - Pyroflex-CryptiX passive infrared motion detector with 44 ft range. Supports both motion zone and external contact zone with separate zone ID, pet immunity, up to 85 pounds and LED walk test light. 6-8 year battery life (CR123A).

Temperature Sensor

RE605 - CryptiX freeze warning under 45 deg, overheat over 100 deg, 8-10 year battery life (CR123A).

Flood & Temp Sensor

RE618 - CryptiX Tri-Mode Environmental Sensing of Flood, High/Low Temperature, Freeze for Furnace Failure, Overheat. Flood sensor built-in on the bottom of the device. Adjustable temps settings from Connect+ control from 32°F to 120°F. Unique wireless ID's for all three zones, tamper, 8-10 year battery life (CR2032).

Home Disaster

RE619 - CryptiX Tri-Mode Environmental Sensing of Flood, High/Low Temperature, with flood sensor probe. Unique wireless ID's for all three zones, tamper, 8-10 year battery life (CR2032).

Smoke Alarm

RE614 - CryptiX Photoelectric smoke alarm with 135° rate of rise heat sensor, built-in temporal 3 sounder. UL217 and LC531 Listed, battery (CR2032).

Heat Detector

RE617 - CryptiX Heat detector (135) fixed and rate-of-rise, built-in temporal sounder. UL539 Listed, battery (CR2032).

Carbon Monoxide Detector

RE615 - CryptiX Carbon Monoxide detector delivering 70-400ppm detection, 1-2 year battery life (3 AA Alkaline) and 6-7 year device life.

Nanomax™ Door/Window Sensor

RE622 - CryptiX mini door/window transmitter, 1 inch magnet gap, cover tamper, quick peel and press mounting, 6 year battery (CR1632).

Door/Window Sensor

RE601 - CryptiX standard door/window transmitter, internal reed switch, 2 supplemental hardwire zones, cover tamper and superior range. 10-15 year battery life (CR123A).

Glassbreak Sensor

RE629 - CryptiX Glass Break Detector, 360° omni-directional coverage, up to 20ft range, supports both glass break and external contact zone with separate zone ID, 4-6 year battery life (CR123A).

Tilt Sensor

RE606 - CryptiX tilt sensor triggers at 45 degrees tilt. Monitors lifting or tilting door. 10-15 year battery life (CR123A).

Outdoor PIR Motion

RE653 - CryptiX outdoor passive infrared motion detector with 16 ft range. LED walk test light. 2-5 year battery life (CR123A).

Power Transformer
RE012-6 12VDC, 1A (Included)

Ethernet Connection

Connect to customer's router, Plug and Play for Central Station Monitoring.

Built-In Siren

Can be programmed to silent mode.

Alula Connect+ Features

- Hybrid Hardwire / Wireless Control
- 2-Way Voice (Optional)
- 96 Total Zone/Points
- Encrypted Sensor 'CryptiX' Protocol
- Fast IP Communications Infrastructure with Cellular Back-Up
- Signal Strength Indicator For Wireless Devices
- Internet Transmitter to Your Central Station
- Cellular Transmitter (Optional Card) 5G Ready
- Two Entry/Exit Zone Delays (01 - 120 seconds)
- Temperature Alerts Adjustable (32° to 120°) for Wine Room, Refrigeration and Freeze.
- Supervisory Programming for Safes, Gun Cabinets, Freezer Doors and More.
- Alexa Integration (to arm/disarm system)
- Utilizes Google Cloud Messaging (GCM) and Apple Push Notification Services (APN)
- Fully Downloadable / Programmable
- Technician Smart-Phone App
- Customer Smart-Phone App (Alarm, Locks, Lights, Thermostat and Camera Access)
- Z-Wave Ready for Locks, Lights, Thermostats, Garage Door Control
- Translator (Optional) to Receive DSC, GE or Honeywell Wireless Devices

Outdoor Door/Window Contact

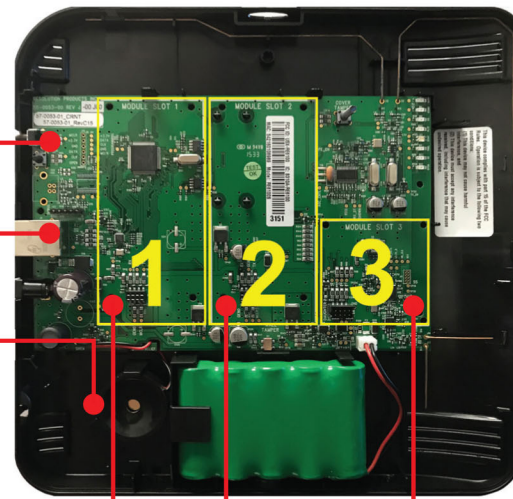

RE607 - CryptiX outdoor door/window transmitter, internal reed switch, 2 supplemental hardwire zones, cover tamper, IP67 Weather-proof enclosure. 10 year battery life (CR123A).

Translator (Wireless to Wireless)
RE524X Translator receives DSC, GE, 2-Gig or Honeywell Wireless Devices (selectable) and retransmits to the Connect+ Control via CryptiX. Power supply and rechargeable battery (up to 24/hrs) included. (Not for retransmission of smoke or heat devices.)

Translator (Hardwire to Wireless)

RE508X Translator has 8 Hardwire Zones and transmits to the Connect+ Control via CryptiX. Multiple Translators can be used to increase zones and power to Motion / Glassbreak Detectors, per device. Power supply and rechargeable battery (up to 24/hrs) included. This Translator is perfect for take-over installations where hardware devices need to be incorporated into the new alarm control. (Not for connection of hardwire smoke or heat devices.)

Cellular Cards

Can be used as primary or secondary communicator. (Place in Slot 1)(Option)

RE929RPV (Verizon)
RE929RPA (AT&T)
for LTE and 4G

RE930RPV (Verizon)
RE930RPA (AT&T)
for LTE 5G Ready

WiFi Cards

RE926RX (Option) Supports Touchpad 7" LCD (up to 4)

RE926RS (Option) WiFi Connection to Customer's Router for Monitoring and Interactive Services. (Place in Slots 1 or 2)

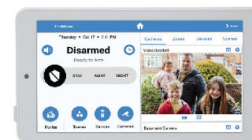

Z-Wave / Translator Cards

RE934Z (Optional) Home Automation of Z-Wave Devices

RE934ZT (Optional) Home Automation of Z-Wave Devices, With Translator That Receives DSC, GE, 2-Gig or Honeywell Wireless Devices (Switchable) (Max of 96 Zones)

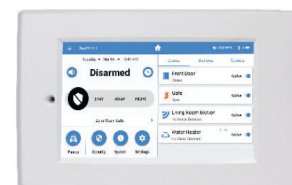

Touchpad 7" LCD Keypads

The vibrant 7" Android tablet display has an encrypted connection via WiFi to the Connect+ Control. The Touchscreen display is CCTV camera view ready. The single RE926RX WiFi Card supports up to FOUR Touchscreens.

Slimline Touchpad 7" LCD Keypad
12VDC 1A (Included)

RE667W Slimline Touchpad is equipped with a 12VDC transformer, 4 hour rechargeable battery and mounts on wall or desktop. Also available in black, RE667B.

Flat Mount Touchpad 7" LCD Wall Keypad
12VDC 1A (Included)

RE657F Flat-Mount Touchpad is designed to be wall mounted, and is perfect to replace an existing hardwire keypad as it's powered by 12VDC from transformer (included) or from existing 12VDC control output. The keypad covers a larger wall area (9" x 5.5") and is low profile. Available in white case only.

RE621 WiFi Extender (for Touchpads out of range of 40')

RE926RX WiFi Device Link Card (add an -R to the end of the keypad part number to include this WiFi Card as a kit)

Connect+ Control

Connect+ and Connect+ Two-Way Voice is a 96 Zone Hybrid Hardwire/Wireless Alarm Control, with on-board CryptiX and Bluetooth receivers. Transformer and 24-Hr standby rechargeable battery included. The control includes a desk-stand, or can be wall mounted, and is usually placed near customer's router, approx. 6 ft from any other WiFi device. Because this Connect+ platform is Internet based (with Cellular back-up), alarm transmissions, 2-Way Voice and Z-Wave control is ultra fast.

RE6100P-XX-X CONNECT+ PANEL
RE6130P-XW-X CONNECT+ TWO WAY VOICE - VOIP
RE6130P-LX-X CONNECT+ TWO WAY VOICE - VOIP & LTE CARD

Connect+ Loaded Panel Kit:
CONNECT+ VOIP & 4G/5G CELL CARD, Z-WAVE CARD & WIFI TOUCHPAD CARD
RE6100P-JR-Z (Verizon) and **RE6100P-KR-Z (AT&T)**

Connect+ Loaded Panel Kit Plus Slimline Touchpad:
CPLUS-VZ-ZW-TPW (Verizon) and **CPLUS-ATT-ZW-TPW (AT&T)**

Wireless Siren

RE616 - CryptiX Siren, plugs into a 120 volt standard outlet, Tamper Switch, Rechargeable Battery (Max of 8).

Wireless Siren Bluetooth

RE626 - CryptiX Stand-Alone Battery Operated Wireless Siren, Customer Serviceable AAA Batteries, Optional Transformer RE012-9.

Outdoor Wireless Siren/Strobe

RE636 - CryptiX Siren, AC or Battery Powered, 100db Siren, Multiple Siren and Strobe Cadences and Multiple Lens Color Options.

LED Keypad

RE663 Connects via Bluetooth to the Connect+ Control. Displays real-time status. Top light bar confirms arming status. One year battery (typical), user replaceable AA batteries.

Connect+ Sensor Repeater

RE620 is a wireless repeater, extends the Cryptix sensor range and has a rechargeable back-up battery.

Alula, Compatible Products

for GE Interlogix, Honeywell, 2GIG & DSC alarm controls.

INTRUSION DETECTORS

Nanomax™ Door/Window Contact

Mini door/window transmitter, 1 inch magnet gap, cover tamper, peel and stick installation, 6 year battery (CR1632). Use Metal Max spacer when installing on steel doors (RE033).

RE122 (GE/Interlogix)
RE222 (Honeywell)
RE222T (2GIG)
RE322 (DSC)

Door/Window Sensor

Standard door/window transmitter, internal reed switch, 2 supplemental hardware zones, cover tamper. 10-15 year battery life (CR123A).

RE101 (GE/Interlogix)
RE201 (Honeywell)
RE201T (2GIG)
RE301 (DSC)

Indoor Motion Sensor

Passive infrared motion detector with 40 ft range. Supports both motion zone and external contact zone with separate zone ID, pet immunity, up to 85 pounds and LED walk test light. 3-7 year battery life (CR123A).

RE161 (GE/Interlogix)
RE261 (Honeywell)
RE261T (2GIG)
RE361 (DSC)

RE045 Long Range Lens

Indoor PIR Motion Sensor

Pyroflex passive infrared motion sensor with 44 ft range. Supports both motion zone and external contact zone with separate zone ID, pet immunity, up to 85 pounds and LED walk test light. 6-8 year battery life (CR123A).

RE110P (GE/Interlogix)
RE210P (Honeywell)
RE210T (2GIG)
RE310P (DSC)

RE019 Gimble Mount

Glassbreak Sensor

Glass Break Detector, 360° omni-directional coverage, up to 20ft range, supports both glass break and external contact zone with separate zone ID, 4-6 year battery life (CR123A).

RE129 (GE/Interlogix)
RE229 (Honeywell & 2GIG)

Outdoor PIR Motion

Outdoor passive infrared motion detector with 16 ft range. LED walk test light. 2-5 year battery life (CR123A).

RE153 (GE/Interlogix)
RE253 (Honeywell)
RE253T (2GIG)
RE353 (DSC)

ENVIRONMENTAL

Home Disaster

Tri-Mode Environmental Sensing of Flood, High/Low Temperature, with flood sensor probe. Unique wireless ID's for all three zones, tamper, 8-10 year battery life (CR2032).

RE119 (GE/Interlogix)
RE219 (Honeywell & 2GIG)
RE319 (DSC)

Temperature Sensor

Freeze warning under 45 deg, Overheat over 100 deg, 8-10 year battery life (CR123A).

RE105 (GE/Interlogix)
RE205 (Honeywell)
RE205T (2GIG)
RE305 (DSC)

Flood & Temp Sensor

Tri-Mode Environmental Sensing of Flood, High/Low Temperature at 45 deg and 100 deg, freeze for Furnace Failure, Overheat. Flood sensor built-in on the bottom of the device. Unique wireless ID's for all three zones, tamper, 10 year battery life (CR2032).

RE118 (GE/Interlogix)
RE218 (Honeywell)
RE218T (2GIG)
RE318 (DSC)

LIFE-SAFETY DETECTORS

Smoke Alarm

Photoelectric smoke alarm with 135° rate of rise heat sensor, built-in temporal 3 sounder. UL217 and LC531 listed, battery (CR2032).

RE114 (GE/Interlogix)
RE214 (Honeywell)
RE214T (2GIG)
RE314T (DSC)

Carbon Monoxide Detector

Carbon Monoxide detector delivering 70-400 ppm detection, 1-2 year battery life (3 AA Alkaline) and 6-7 year device life.

RE113 (GE/Interlogix)
RE213 (Honeywell)
RE213T (2GIG)

Wireless Siren

Universal Wireless Siren plugs into a 120 volt standard outlet, has Tamper Switch, Rechargeable Battery. Special transmitter at panel (included) triggered by alarm control's siren output.

RE116U

CONVENIENCE

Keyfob

4-Button Remote, 4-6 year battery life (GP27A).

RE200 (Honeywell)
RE300 (DSC)

Hidden Panic

Hidden mounting, 1-button arming and disarming, mounts in hidden locations, 4-6 year battery (CR2032).

RE151 (GE/Interlogix)
RE251 (Honeywell)
RE251T (2GIG)

Tilt Sensor

Tilt sensor triggers at 30 degrees tilt. Monitors lifting or tilting door. 10-15 year battery life (CR123A).

RE106 (GE/Interlogix)
RE206 (Honeywell)
RE206T (2GIG)
RE306 (DSC)

PINpad™

Secure, 4-digit Code to Disarm, 1-button Arm, LED arming feedback. Powered with CR2032 battery, with 4-6 year battery life (typical). Secure for carrying in purse or mounting on car visor.

RE252 (Honeywell)
RE252T (2GIG)
RE352 (DSC)

WiFi Stand-Alone Video Cameras

(no control panel required)

Video Doorbell Camera

With 2K HD resolution and a zone-controlled motion sensor, Video Doorbell replaces any wired doorbell switch, giving instant visual access to a home or business.

RE073-N Nickel Faceplate
RE703 (Black) **RE073-W White Faceplate**

Indoor Mini Camera

With a magnetic base, the Alula Indoor Mini Camera is designed for simple and quick installation. Makes indoor security monitoring easy with its 1080P HD video, two-way audio, and clear-as-day night vision. The RE 700 balances cost and top-notch performance.

RE700

Indoor 360 PTZ Camera

The pan-tilt Wi-Fi camera has panoramic viewing angles, and delivers a 360° horizontal field of view. Upon detection of movement, the camera automatically captures and tracks the motion while delivering notifications and recordings in real time.

RE702

Outdoor Bullet Camera

This Wi-Fi security camera extends the security perimeter in 1080p. The two-way audio delivers a real-time conversation with someone at the door, backyard or garage. 16G MicroSD card included.

RE701

COMMUNICATORS

BAT-Connect Communicator, with Home Automation, 4G LTE / 5G Ready

Alula's BAT-Connect provides Internet & LTE 'Dual-Path' alarm transmissions and optional Home Automation Z-Wave control when the RE934Z card is added.

BAT-Connect-A (AT&T)

BAT-Connect-V (Verizon)

- Dual-Path Internet & Cellular
- Hardwire & WiFi Ethernet Connection
- Virtual Keypad and Instant Messaging
- CCTV Cameras Viewable on Same APP
- Utilizes 12VDC for Power from Control
- Supports Up to 4 Alula Touchpads
- Internal Antenna
- Supports Lights, Locks & Thermostats
- Z-Wave Control with RE934Z Module
- Utilizes One App for All Features
- Compatible with most Honeywell, GE and DSC Controls for interactive App Features
- Dialer Capture that supports all controls w/dialer

12VDC 1A
(Included)

Translator (Wireless to Wireless) RE524X

Translator receives DSC, GE, 2-Gig or Honeywell Wireless Devices (selectable) and retransmits to any of the same protocols. Power supply and rechargeable battery (up to 24/hrs) Included. (Not for retransmission of smoke or heat devices.)

12VDC 1A
(Included)

Translator (Hardwire to Wireless) RE508X

Translator has 8 Hardwire Zones and transmits to the Connect+ Control via CrypT-X. 12 Volt Output @ 200ma (max) to power Motion / Glassbreak Detectors. Power supply and rechargeable battery (up to 24/hrs) included. Limited to 96 panel zones. (Not for connection of smoke or heat devices.)
